

**\*\*\*This position is located in WINCHESTER, KENTUCKY \*\*\***

## **Quality Analyst**

### **Who we are:**

M&S Machining is an advanced manufacturing company with over 25 years of experience serving defense and aerospace industry leaders such as Northrop Grumman, General Dynamics, and Space X. We operate in a clean, climate-controlled, modern facility filled with state-of-the-art equipment and provide our team with all the latest tools necessary for success. We believe strongly in the growth and development of our employees by offering an environment with exceptional opportunities that can unlock your highest potential. We welcome candidates of all levels of experience and are excited to work with those individuals who strive to be the best.

### **Who were looking for:**

M&S Machining is looking for a candidate with strong data analysis and dimensional inspection experience. This position requires a well-organized individual with a keen attention to detail.

### **What we bring:**

- Area leading pay!
- Career advancement.
- Opportunity for growth
- Weekly pay
- IRA with 3% match
- Health, Dental and Vision insurance
- Paid Holidays
- Paid Time Off
- Relocation assistance and Travel reimbursement
- Direct Hire position
- Full Time, Day Shift, Monday through Friday, Overtime

### **What you'll bring:**

- Drive to continuously learn.
- Interest in math and science.
- Dedication to career growth.
- Strong communication skills with the ability to overcome challenges.
- Innovative and creative thinking.

### **What you'll be doing:**

- Completing first article and source inspection documentation.
- Managing traceability documentation for materials, outside services, and hardware.
- Reviewing in-process inspection data for completeness and conformity to blueprint and customer requirements.
- Handling conflicting/changing priorities to avoid shipping delays.
- Read and interpret simple and complex engineering blueprints including GD&T.
- Special projects as needed.

### **Favorable if you have:**

- Experience using various pieces of measuring equipment, including but not limited to, CMM, optical comparator, calipers, micrometers, surface profilometer, gage blocks, gage pins, height stand, etc.
- Experience reviewing inspection data to include CMM reports and hard gage measurements.
- Experience in a manufacturing environment.

### **Not From the Area?**

M&S Machining offers relocation assistance for qualified individuals! We are surrounded by rolling hills and beautiful farmland while also offering all the amenities of a large metropolitan area. We are located only 15 minutes from Lexington and 1.5hrs from Cincinnati and Louisville. The local economy is thriving with an excellent job market and a multitude of opportunities for your family. All of this combined with a local housing market that is significantly cheaper than the national average, makes central Kentucky a great place to call home!

**Location:** On Site: 100 Hud Rd. Winchester, KY 40391
