Quality Inspector

Who we are:

M&S Machining is an advanced manufacturing company with over 25 years of experience serving defense and aerospace industry leaders such as Northrop Grumman, General Dynamics, and Space X. We operate in a clean, climate-controlled, modern facility filled with state-of-the-art equipment and provide our team with all the latest tools necessary for success. We believe strongly in the growth and development of our employees by offering an environment with exceptional opportunities that can unlock your highest potential. We welcome candidates of all levels of experience and are excited to work with those individuals who strive to be the best.

Who were looking for:

M&S Machining is seeking candidates with quality inspection experience. A candidate will have an ability to read blueprints and a keen attention to detail.

What we bring:

- Area leading pay!
- Career advancement.
- Opportunity for growth
- Weekly pay
- IRA with 3% match
- Health, Dental and Vision insurance
- Paid Holidays
- Paid Time Off
- Relocation assistance and Travel reimbursement
- Direct Hire position
- Full Time, Day Shift, Monday through Friday, Overtime

What you'll bring:

- Drive to continuously learn.
- Interest in math and science.

- Dedication to career growth.
- Strong communication skills with the ability to overcome challenges.
- Innovative and creative thinking.

What you'll be doing:

- Visually inspecting painted, plated, machined, and sheet metal components to ensure customer quality expectations are met.
- Dimensionally inspecting parts using various pieces of measuring equipment, including but not limited to calipers, micrometers, surface profilometer, gage blocks, gage pins, height stand, etc.
- Identifying the best inspection method based on part geometry and other variables.
- Handling conflicting/changing priorities to avoid inspection delays.
- Visually inspect parts for quality conformance and the presence of various hardware according to customer requirements.
- Accurately read and interpret engineering blueprints.

Favorable if you have:

- Strong understanding of GD&T.
- Experience in a high mix, low volume manufacturing environment.
- CMM inspection experience.

Not From the Area?

M&S Machining offers relocation assistance for qualified individuals! We are surrounded by rolling hills and beautiful farmland while also offering all the amenities of a large metropolitan area. We are located only 15 minutes from Lexington and 1.5hrs from Cincinnati and Louisville. The local economy is thriving with an excellent job market and a multitude of opportunities for your family. All of this combined with a local housing market that is significantly cheaper than the national average, makes central Kentucky a great place to call home!

Location: On Site: 100 Hud Rd. Winchester, KY 40391

Work Remotely: No

Job Type: Full-time
